

ALLAH HU MERCY & GRACE

Allah hu Allah hu, Allah hu Allah hu
Allah hu Allah hu, Allah hu Allah hu
Allah hu Allah hu, Allah hu Allah hu
Allah hu Allah hu, Allah hu Allah hu

اَللّٰهُ اَللّٰهُ
اَللّٰهُ اَللّٰهُ
اَللّٰهُ اَللّٰهُ
اَللّٰهُ اَللّٰهُ

Ya Allah who can know of Your Glory and Might
You turn night into day, You turn day into night
Every motion and rest, every silence and word
Is encompassed by You, is through Your power alone

Oh my Lord who exists beyond beginnings or ends
On Your will and Your power all existence depends
Space and time You transcend, You are true unity
You are greater than all mortal minds can conceive

Every atom and seed, every mountain and tree
All that dwells in the sky and the earth and the sea
Every star in the heavens, the sun and the moon
Without rest, without pause, we all glorify You

Oh Lord of the worlds, full of mercy and grace
Make me one of those who will see Your blessed face
You refine me and guide me, make me pleasing to You
Let me live, let me die in remembrance of You
